

Overall Groups goal:

Aaron's Goal:

The goal of the app is to help users get contracting jobs, especially college graduates. We want to list contracting opportunities in a way that is organized and easy to use for users. We want to bridge the gap between recent college graduates and organizations who are looking to employ young professionals.

Mihir's Goal:

Nicky's Goal: The goal of this app is to help students and recent graduates make informed career decisions by providing a platform for employer reviews and self-paced, contract-based projects that count as real work experience. This platform will bridge the gap between education and employment by offering honest insights into workplaces and flexible, skill-building opportunities for users who want to improve their career prospects.

Aidan's Goal:

Nathan's Goal:

Our app is created to find companies with contracting jobs, list them in an organized manner, then allow for users to create or look at reviews for the corresponding companies. Focused mostly on helping students coming out of college without a job lined up.

Team Feature List:

- Option for anonymous reviewing from users
- Reviewing companies listed on the app
- Replying to others reviews
- Creation of company if not shown on our app
- Verification of employment from a company
- Search feature for companies listed on our app
- Links to up to date contracting jobs from listed companies
- Search filter for certain fields for contracting jobs

- Can view other users profiles(reviews/work history) and message them
- Scheduling tool to help users manage contracting jobs
- Basic User Profiles for users can create a simple profile with their name (or remain anonymous) and track their reviews.
- Being able to bookmark the Companies & Jobs so they can save companies or contracting jobs for later.
- Sort reviews by most recent or highest rated like in our django activity.
- A way for users to flag inappropriate reviews.
